

One Person Can Make a Difference by Elizabeth Smith

Your family is an important lobbying force.

- I. You are part of a nationwide team.

- II. Trust that God will work through your faithfulness.

- III. Your opportunity to present home schooling in the best possible light.

- IV. Disciple others in the lobbying process.

- V. You are the most effective lobbyist in your legislature.

- VI. A typical visit to your elected official.

Be sure to enjoy your visit. Smile, be friendly, open and upbeat. You are a breathe of fresh air in a pretty stuffy place where people take themselves too seriously most of the time.
