

Four Essentials to Know About Dinosaurs
by Mike Riddle
www.CreationTraining.org

1. Where did dinosaurs come from?

Asking the right question

The standard story

Origin of dinosaurs – the first dinosaurs

What do we really know about the origin of dinosaurs (statements by scientists)

2. When did dinosaurs live?

The Bible and the origin of dinosaurs

What millions of years means - A timeline and the Bible

Scientific evidence dinosaurs lived at the same time as man

Petroglyphs

Proteins

Engravings

DNA

Soft tissue

Carbon-14

3. What happened to the dinosaurs?

Did they evolve into birds?

Did they all die from a meteor impact 65 million years ago?

Were dinosaurs on the Noah's Ark?

How did the dinosaurs become extinct?

4. Are dinosaurs mentioned in the Bible?

Job 40:15-19 (Behemoth)

Leviathan and the Bombardier Beetle

Conclusion
